

WHITLEY COUNTY COMMUNITY FOUNDATION
2007-08 Biennial Report

 Makin' a Splash

Biennial Report 2007-08

I t's doubtful that the young lady with a face full of water on the front can tell you much about the Whitley County Community Foundation. What she *can* explain are the hours of fun and belly laughs the local Splashpad has provided for her and hundreds of other local youngsters.

And that's fine by us. Mahri Romano doesn't need to know about the Community Foundation right now - it'll still be here making good things happen in Whitley County when she has grown up and has little squirts of her own.

But we do think it's important that you are aware of the many ways the Whitley County Community Foundation is making a splash in our little corner of Northeast Indiana. Jump right in as we cover fiscal years 2007-08!

Director's Report

Casting Our Bread Upon the Waters

It is always a privilege to report on the work of our Community Foundation, and it is especially gratifying to be able to share stories that illustrate our unique ability to shift focus when emerging needs arise.

This report reflects a period when investments were caught in a stalled economy. Few stewards of invested capital escaped the severe market downturn of 2007-08. Just as your nest egg likely suffered a loss, our foundation was faced with a reduction in grant making capital. This was especially challenging as our local non-profits needed us more than ever. Despite reduced assets, I'm proud to report that our grant making never stopped. If anything, the economy forced us to be creative as we worked to stretch available dollars and concentrate on greatest needs.

While it is the members of our Board of Directors who assume responsibility for keeping a pulse on the needs of our community and then charting a course for action, it is the generosity of our donors who make possible our ability to respond. Just as Mahri may not be aware of the Foundation's role in creating her Splashpad, many recipients of our charitable efforts never know the names of the people who helped them; the donors who paid for a free mammogram for an uninsured single mom, the scholarship

that covered expensive college textbooks, the prescription that was filled through the Good Samaritan Fund.

I'm pleased to report that sixteen new endowment funds were created during 2007 and 2008. Purposes for these funds vary from offsetting Splashpad costs to underwriting the high school's summer art program in South Whitley. Younger donors unveiled some philanthropic initiatives of their own during the same period. Be sure to read about Jackson Longenbaugh's Piggy Bank Pals and the Columbia City Lady Eagles Pink Soccer game, further on in this report.

Author and poet Maya Angelou once reflected "When we cast our bread upon the waters, we can presume that someone downstream whose face we will never see, will benefit from our action, even as we enjoy the gifts sent to us from a donor upstream.

To the hundreds of donors who found themselves "upstream" and able to give through the Community Foundation, we offer our sincere gratitude.

September McConnell

September McConnell, Executive Director
Whitley County Community Foundation

How Did Columbia City Build a Splashpad? With an Out-pouring of Support!

It started with a classroom assignment. Mark Green, Director of Columbia City's Park Department was a participant in Leadership Whitley County when he was challenged by a visioning exercise, and dreamed up the idea for a Splashpad in Morsches Park. For a while it looked like it would stay just that -- a dream. Mark approached the Community Foundation about funding the entire project and was initially turned down. While it was a great idea, it was also a costly undertaking. The Grants Committee needed to see collaboration. With a big question as to where to turn next, Mark's dream was put on hold for over a year.

Enter the Kellogg Foundation and their Access for Recreation initiative -- a program to support community foundations, parks and recreation providers, and advocacy groups as they work to provide greater handicapped access to a wide variety of recreation opportunities. Through a competitive grant process, the Parks Department teamed with the Community Foundation and was awarded one of six Access to Recreation Grants in the state. But there was still a significant financial hurdle ahead.

Mindful of the importance of broad-based community support, The Dekko Foundation came on board as the major funding partner. They offered a challenge grant to Splashpad

organizers; if the community could raise \$125,000, the Dekko Foundation would provide the \$100,000 needed to complete the project. Contributions began coming in from individuals and businesses throughout the community.

"Steel Dynamics really stepped up to the plate for us. The company pledged their financial support, and John Nolan assumed a leadership role by hosting a breakfast and pitching the importance of the project to other local businesses," explained Mark Green. "SDI's willingness to partner lent credibility to the project and made all the difference in being able to meet the Dekko challenge," Green added.

Columbia City's Splashpad opened to the public on July 4, 2008. Estimates of usage were literally shot out of the water as youth of all ages flocked to the water playground throughout the summer. Thankfully, an endowment was put in place as part of the Access to Recreation grant. It will help to offset the cost of water. The endowment distribution, coupled with earnings from the Park Department's golf outing fundraiser, will ensure the Splashpad will continue to provide gallons of cool, wet fun for many summers to come.

Endowment Funds

Endowment Funds

A Reservoir of Support

Just as water can be saved in a reservoir until it is needed, endowments hold and grow funds for specific charitable causes or non-profit organizations, and when money is needed, we let it flow!

When an endowment fund is established through a charitable gift to the Community Foundation, we don't spend the donation. Ever. Instead, the gift is saved and wisely invested to produce earnings. A Fund Agreement is executed when the endowment is created. This legal instrument ensures that the Community Foundation is obligated to distribute the earnings pursuant to the donor's original intent. Distributions from endowments are called grants or scholarships. Typically, only a portion of the earnings are distributed,

allowing the endowment fund to grow over time. As the years go by, grants or scholarships from the endowment will far exceed the amount of the donor's original gift.

Donor Advised Funds

These funds allow for on-going input from the donors and permit a broad distribution of charitable grants. The donor, their designees, or an advisory group may make recommendations as to where grants should be made. Final grant making authority rests with the Foundation's Board of Directors.

Piggy Bank Pals Inspire Youth Philanthropy

Who'd have guessed? A philanthropist who wears sneakers! Jackson Longenbaugh, son of Kent and Shelby Longenbaugh, was seven years old when he paid his first visit to the Whitley County Community Foundation to talk about charitable giving and his desire to share his enthusiasm for a project he affectionately referred to as "Piggy Bank Pals."

A student at Northern Heights Elementary school, Jackson became inspired to help another youngster struggling with a health crisis after seeing a program on television. With a giving spirit, Jackson generously filled his piggy bank and turned the proceeds over to help a little girl in our community who needed cochlear implants; but he didn't stop there!

Jackson went on to focus his efforts on Cayden Poling, a small child at church who was facing heart surgery after being diagnosed with a medical disorder. This time, Jackson enlisted a small group of school friends to help his fundraising efforts, and the group presented their gift to Cayden's parents.

It feels good to give and Jackson wanted his classmates to know that joy, so in the fall of 2008, with the help of the Foundation, he made piggy banks available to every 2nd grade student in his school, as well as other Whitley County kids who wanted to join his efforts.

MAKING RIPPLES

Anyone who has ever tossed a stone into a pond has probably watched the ripples as they spread and create change on the surface of the water. People in Whitley County create their own ripple effect – by tossing an idea to better the community and running with it for the greater good.

CCHS Lady Eagles Soccer Team Kicks it to Cancer

As they anticipated the team's 15th anniversary, the Columbia City Lady Eagles soccer players looked for a way to "give back" to the community. The team came to the Community Foundation with the idea of playing a game in pink jerseys, which would later be auctioned off to benefit the free mammogram program administered by the Whitley County Giving Circle for Women's Health.

A simple idea soon took hold and became a community project. The high school players spoke at a local Rotary meeting and suddenly individuals were offering to donate pink hats for the refs, pink socks for the opposing team – even a pink soccer ball! The enthusiasm spread when the local newspaper covered the story. Suddenly, a number of other groups at the high school decided to take part and Homecoming Week took on a pink hue. The student body had a "wear pink" day. One club sold

pink balloons, another held a bake sale. Student Council raffled off a chance to sit on a pink couch in the end zone of the Homecoming game. While the monetary contributions were certainly the end prize, along the way we kept hearing from instructors who surprisingly found themselves in "teaching moments" when kids would ask "what's a mammogram?" Teens often inspire youngsters and that's what happened next. Little Turtle Elementary School wanted to help and decided to hold a "tickled pink" fundraiser. For a donation of a quarter, the kids could stand up and tell a joke in class. Almost \$300 in jokes were told as the kids found a way to battle cancer with laughter.

When the actual pink soccer game rolled around, momentum had peaked. The stands were packed and by the end of the evening, the team had raised a whopping \$6,500 for our free mammogram program. What a wonderful endeavor this turned out to be! The girls raised awareness, raised money, and perhaps most importantly, raised a sense of hope.

Donovan Kessler Little Swimmers Fund

Sometimes Funds at the Community Foundation are created in the face of heartbreaking tragedy. Donovan Kessler was a vibrant three year old boy who loved the water. He was drawn to water in all seasons of weather and greatly enjoyed his time at his Grandma's house on Big Lake. While on vacation in North Carolina, Donovan found his way through a locked gate on a fence surrounding a covered swimming pool and didn't think twice before climbing onto the pool tarp. Despite heroic rescue efforts, Donovan drowned.

The greatest sadness in losing a small child this way comes with the knowledge that drowning can be prevented. The Center for Disease Control and Prevention reports that most children who drown in swimming pools were last seen indoors, had been out of sight for less than five minutes and were in the care of one or both parents. While drowning rates tend to be higher in warmer climates, our own Whitley County is not exempt from the potential for this heartbreaking loss.

Determined to prevent this from happening to other youngsters in our community, Donovan's grandmother Tammy Azar, worked tirelessly to create the Donovan Kessler Little Swimmers Scholarship Fund in 2007. Through a community picnic, Tammy raised money for an endowment that will provide scholarships for children under five who would like to attend swimming lessons at the Whitley County YMCA or Burnsworth Pool.

John Whiteleather

**Whitley County Community
Staff**

September McConnell - *Executive Director*
Vanessa Bills - *Financial*
John Slavich - *Grants*
Kendra Zickafoose - *Office*
Jenna Ott - *Development Coordinator*

Committees

Community Awareness

Helen Beatty
Sharlene Berkshire
Jan Hammer
Joan Lillmars
Ruth Metzger
Rosemary Steiner

Note: The Community Foundation lost a good friend with the passing of Helen Beatty. Helen was a spunky volunteer for the Community Awareness Committee for over twelve years, assisting with projects like the Heart of Gold Awards, the Summer Concert Series and Annual Meetings. She will be long remembered and greatly missed by her friends at the Foundation.

Finance & Investment Committee Members

Dale Duncan
John Lefever
Gene Penn
Bob Smith
Bill Tucker
John Whiteleather
